TAKING TO SETTLE DIFFERENCES

Effort in the Senate to Modify the
Philippine Amendment to Army
Appropriation Bill—Proceedings
In House—Committee Work.

Washington, Feb. 26.—Soon after the senate convened a bill to supplement the existing law as to the disposition of public land was passed. It provides for the division of lands in Oklahoma into counties for the establishments of county seats, for the erection of court houses and for the appointment of temporary county officials. A house joint resolution was adopted authorizing the importation free of duty of articles intended to be exhibited at the San Antonio International fair and Dallas state fair and exposition. Mr. Allison called up the conference report on the District of Columbia appropriation bill and the report was agreed to.

A resolution offered by Mr. Fairbanks calling upon the secretary of war for an English translation of the Cuban constitution was adopted.

Mr. Pettigrew's resolution calling upon the president, if not incompatible with the public interest, to inform the senate whether all the telegrams from Manilla prior to Feb. 4, 1899, were subjected to censorship; and also to send to the senate a copy of the telegram of General Otis announcing the commencement of hostilities, the hour it was filed in Manilla, and some other collateral information, was agreed to without comment.

The resolution of Mr. Morgan declaring the Nicaraguan bill the business of the senate was called up. After Mr. Morgan had made a brief statement regarding the parliamentary phases of the question, in the course of which he said he knew the enemies of the Nicaragua canal bill would employ every device to kill the measure the resolution upon his motion was referred to the committee on rules.

Philippine Amendment.

An effort was made on the part of leading senators on both sides to secure a modification of the Philippine amendment to the army appropriation bill which will render it possible to secure a vote upon it. After several conferences an agreement was reached which was found to be satisfactory to a large majority of senators. The amendment to the original provision suggested by Senator Hoar was used as the basis of discussion, but various additions were made to it so that when he again offered it in the senate it was presented as a proviso, which stipulates that no sale or lease or other disposition of public lands or the timber thereon or the mining rights therein shall be made; and that no franchise be granted which is not approved by the president of the United States and in his judgment clearly necessary for the government of the islands, and which can not, without great public mischief, be postponed until the establishment of permanent civil government, all such franchises to terminate one year after the establishment of a permanent civil government. Senators Morgan, Rawlins, Tillman and Bacon, who had been among the most determined opponents of the original provision, were all consulted concerning the amendment, and all of them except Mr. Morgan indicated a willingness to let the amendment go through after reasonable debate. Senator Morgan did not commit himself. The Democratic acquiescence does not go to the extent of agreeing to support the entire Philippine provision, but only to the point of allowing it to reach the voting stage. The Republicans, without exception, will accept the modification of the amendment.

Mr. Allen (Neb.) in discussing the Philippine amendment read the letter written by Rear Admiral Sampson regarding the appointment of warrant officers to the rank of ensign. He severely criticised Sampson, denouncing him as full of conceit, and stating that he showed by the letter that he was unfit for the promotion asked. This occurred while Mr. Morgan held the floor. Mr. Chandler attempted to reply to Senator Allen, but Mr. Morgan refused to yield.

In the House.

At the opening of the session of the house the senate bill to authorize the attorney general, on request of the secretary of the interior, to appear in suits relative to school lands, passed.

Speaker Henderson referred the St. Louis exposition bill with the senate amendments, appropriating \$250,000 for the Charleston exposition and providing for the closing of the exposi-

tion Sundays to the special committee which reported the bill. The bill was on the speaker's table several days in the hope that it could be gotten into conference by unanimous consent. The committee will disagree to the senate amendments but the parliamentary status of the bill will not be improved as motion to non-concur is not privileged. A friend of the bill says that the only chance for the bill seemed to depend on the senate recalling the bill and striking out the amendments.

Mr. Payne, chairman of the committee on ways and means, from that committee reported the Sulzer resolution calling on the secretary of the treasury for information regarding the imposition of countervailing duties on Russian sugar with the recommendation that it lie on the table. He entered the motion to table. That motion was not debatable. Mr. Sulzer, author of the resolution, appealed to Mr. Payne to allow him five minutes to make a statement regarding the resolution, but Mr. Payne declined to yield for that purpose. On division the motion prevailed 83 to 93. Mr. Sulzer attempted to secure the ayes and noes but only 14 members on his side backed his demand.

Mr. Sherman (N. Y.) presented a partial conference report on the Indian appropriation bill which was agreed to. The house further insisted upon its disagreement to the amendments still in issue except the two irrigation amendments placed on the bill by the senate.

Mr. Little (Ark.) moved that the house recede and concur in the first of these amendments which appropriated \$100,000 for investigating the question of irrigation of a dam across the Gila river near San Carlos, Arizona. It was arranged that there should be an hour's debate upon a side upon the proposition. Mr. Curtis (Kan.) opposed Mr. Little's motion, which was lost by 58 to 97. The bill was sent back to further conference.

Agreement on Hazing.

Washington, Feb. 26.—The conferees of the senate and house reached an agreement on the hazing amendment to the military academy appropriation bill. Yielding to the demands of the senate, the provision inserted by the first conference at the instance of the Dick investigating committee was eliminated and the house conferees have agreed to accept the amendment as originally made by the senate with modifications and one addition. The modification limits the time during which offenders may be kept out of the army or navy to two years, the senate making it perpetual and the marine corps is added to the organizations to appointment to which they are rendered ineligible.

Adverse Action.

Washington, Feb. 26.—The ways and means committee of the house voted to report adversely the resolution of Mr. Sulzer of New York, calling on the secretary of the treasury for correspondence with firms, corporations, etc., in connection with the recent imposition of duty on Russian sugar. The vote was on party lines, the Democratic members supporting the resolution. Mr. Richardson, the minority leader, moved to report the Babcock bill repealing the duties on many articles of the steel and iron schedule of the Dingley act, but before a vote a motion to adjourn prevailed.

Cabinet Photographed.

Washington, Feb. 26.—The cabinet was in session about an hour but no business of importance was transacted. Most of the time was spent in taking photographs of the members.

Extension of Bank Charters.

Washington, Feb. 26.—The senate committee on finance authorized a favorable report upon the house bill extending for 20 years the charters of national banks.

Vanderbilt Resigned.

Washington, Feb. 26.—The resignation of Hon. Frank A. Vanderbilt, assistant secretary of the treasury is announced, to take effect not later than March 8.

New Rival For British Lines.

Washington, Feb. 26.—Nine large vessels have been ordered by a German steamship company with a view to the establishment of a line of German steamers from New York to South Africa and East India, according to United States Consul Monaghan, at Chemnitz, in a communication to the state department. The promoters of the enterprise believe they will be able to compete successfully with the British lines running to all parts of India and Africa. In addition to these plans, the consul says, the same company proposes to establish a line from New York to Mexico and the West Indies.

Body of Maggie Hall, of Pueblo, Colo., who disappeared Dec. 23, supposed to have eloped, found in Arkansas river. Foul play suspected.

PERISHED IN A MINE.

Flames Cut Off Escape For Trimmers Down In the Earth.

ONLY ONE OF THE MINERS ESCAPED.

Fifty Men Overtaken by an Awful Fate—Mothers, Wives and Sweethearts Driven to Despair by The Indescribable Horror.

Kemmerer, Wyo., Feb. 26.—A fire in the Diamondville coal mine No. 1 was attended with serious loss of life and great destruction of property. There were about 50 miners in the mine and all perished but John Anderson who was working near the mouth of the level. When Anderson realized the mine was on fire he threw a heavy overcoat over his head and shoulders and with much difficulty pushed his way through the flames and reached the main lead completely exhausted and terribly burned, but he will recover.

All efforts to reach the entombed miners failed, as the flames drove the rescuers back. That all within the mine perished is without question. Weeping mothers, wives and sweethearts gathered around the mine. Efforts to calm them proved of no avail. The loss of property will reach an enormous figure. There were 15 horses in the mine. The cause of the fire is yet unknown.

Up to a late hour no bodies had been recovered, notwithstanding the heroic efforts of the relief gang. Coffins were brought from surrounding towns, which indicate that all hope of rescuing the men alive is abandoned. Work in the other mines has suspended on account of the disaster.

Started By a Match.

Waukegan, Ills., Feb. 26.—Two employees were probably burned to death and two others badly injured in a fire which totally destroyed the plant of the Alden Organ Stop company. Gertrude and Jennie Wells have not been seen since the fire and are believed to have perished in the building. The fire was caused by a match dropped in celluloid scraps and spread with such rapidity that the employees had to run for their lives. The loss is small.

Another Detroit Fire.

Detroit, Feb. 26.—The fire which originated in some unknown manner on the top floor of the 4-story brick building at 221 to 223 Woodward avenue, occupied by Grinnell Brothers' music house, caused a total loss of over \$110,000. Grinnell Brothers estimated their loss at \$100,000, with \$65,000 insurance; Tuomey Brother, dry goods, damaged \$10,000.

Memphis Hotel Singed.

Memphis, Feb. 26.—A fire supposed to have been caused by crossed electric wires broke out in the Cordova hotel, but was extinguished before it could spread. Loss on the building, which belongs to Napoleon Hill will fall below \$10,000. Mrs. E. J. Brooks, lessee, loses about \$5,000 by damage to furniture.

Hotel Burned.

Marion, O., Feb. 26.—Fire drove the guests of the Hotel Western into the streets in their night clothes. Fire Chief Knapp was injured by falling down a stairway and three firemen were hurt.

Carrie In Editorial Chair.

Ueoria, Ills., Feb. 26.—Mrs. Carrie Nation, the Kansas saloon smasher, took charge of the Journal one day. In her leading editorial she says: "I have never hurt a hair on the heads of my bad brothers, the saloon keepers, and hope for pity's sake none of them will ever get in the way of my hatchet for it gets dreadful reckless when it flies around smashing that which murders men."

Aside from writing some eight columns of editorials Mrs. Nation has also written an account of her smashing career in which she tells how she happened to direct her energies along this line. The paper was 12 pages instead of eight. The cartoons were suggested by Mrs. Nation.

Adelbert to Be Dined.

London, Feb. 26.—Secretary Chamberlain will give a dinner at his London house toward the end of the week in honor of Adelbert Hay, recently United States consul at Pretoria, who will sail for New York Saturday. Many members of the British government and of the war office have been invited. The affair will be in the nature of a governmental expression of gratitude to Mr. Hay for his protection of British interests at Pretoria.

London, Feb. 26.—The Nicaragua canal negotiations have been, or are on the point of being entirely transferred to Washington, as Ambassador Choate is not empowered to deal with suggestions of British government.

CAPTURED AND CONFESSIONS. Negro Who Murdered a Schoolteacher Lynched by a Mob.

Terre Haute, Ind., Feb. 26.—Miss Ida Finklestein, the school teacher who was robbed and shot by a negro, died at the hospital. The police arrested George Ward, 27, a car works laborer, who at first denied the charge but later made a full confession. He said Miss Finklestein taunted him about his color and then slapped him in the face and in a fit of anger he shot her and then cut her throat. He was once in an insane asylum and is believed he was yet demented. The knife with which he cut Miss Finklestein's throat was found in his pocket. At noon a crowd gathered in front of the jail and succeeded in battering down the front door. It was driven back, however, by the jailer, Lawrence O'Donnell, who fired over the heads of the mob with a shot gun. Three deputy sheriffs were struck by scattering shot, but none of the crowd was hurt. The mob made another charge on the jail and succeeded in getting the prisoner.

The mob numbered from 2,000 to 3,000. A rope was placed about Ward's neck and he was dragged to a wagon bridge across the Wabash river. On the way to the bridge Ward was beaten with sticks and shot at by members of the mob. He was unconscious when hanged and in all probability dead. When the body was dropped from the bridge, one strand of the rope broke and the leaders of the mob thinking their victim might drop into the river, hauled the body up again and it was dragged to the west side of the river and burned.

Thousands of men, women and children gazed at the awful spectacle of a human body being consumed in flames. In all that crowd not one word of sympathy for the wretch was heard, though many deplored the burning.

Another Lynching Imminent.

Indianapolis, Ind., Feb. 26.—A negro who is thought to have assaulted Miss Dorothy Darter, in Irvington, last Thursday and for whom a large reward has been offered is being held at Newcastle, Ind. The police here have been notified and from the description they are sure he is the man wanted. There has been strong talk of lynching at Irvington.

WILL TEST IT.

Cubans Consider That Independence Is Established.

Havana, Feb. 26.—The Cubans regard their constitution as in effect since the day it was signed. The convention before the end of the week will promulgate the election law, within 90 days thereafter elections will be held and Cuba will require that the United States shall turn over all government property to the officers who have been elected.

The United States cannot prevent the progress of the program except on peremptory orders to stop, which orders will be accepted as a notice that the pledge of the United States has been repudiated. In this event serious trouble can scarcely be avoided.

Gomez Called on Wood.

Havana, Feb. 26.—General Gomez visited Governor General Wood and assured him that the stories of unrest and dissatisfaction at the continuance of the United States investigation were false and that he had been misrepresented in statements to the effect that he favored immediate withdrawal of United States troops. If they withdrew now he feared bloodshed. Beyond doubt within 60 days the Cubans would be fighting among themselves. General Gomez added: "If the Americans were to withdraw today, I would go with them."

British View of Cuban Sovereignty.

London, Feb. 26.—The St. James Gazette says it sees in the senate's proposals relative to Cuba great similarity with Great Britain's sovereignty over the Transvaal under the convention of 1884 and wonders how long the United States would submit to any future ill-treatment of American citizens similar to Mr. Kruger's maltreatment of British subjects and ridicules the idea of America submitting a dispute between the United States and Cuba to the arbitration of a foreign power.

American Tum.

London, Feb. 26.—The president of the board of trade, Gerald Balfour, in the house of commons while admitting the competition of the United States in the tin plate trade thought the trade was nevertheless in a satisfactory condition. While the Welsh exports of tin to the United States had declined, exports elsewhere had increased of recent years. Mr. Balfour had no reason to suppose that representations to the United States, suggesting a reduction of the duty on tin plate would have any effect.

Columbus, O., Feb. 26.—Governor Nash is ill. He was seized by a fainting spell in his office while sitting at his desk.

THE SPREAD OF PEACE.

Provincial Government Established In Filipino Stronghold.

FIGHTING IS NOT YET AT AN END.

Armed Natives Operating In Bulacan Where the New Order of Government Was Installed—News From the Philippines.

Guiganto, Bulacan Province, P. I., Feb. 26.—The United States Philippine commission arrived here from Manila and organized a provincial government for this province, which until recently was controlled by the natives. The Filipino colonel, Morels, is still operating with his band of 300 men in a portion of the province. The party arrived here in army wagons and native carts and was driven to the military headquarters. As many natives as could get into the hall attended.

The president of the town welcomed the commissioners, declaring that the people of a province that had been watered with the blood of Americans and Filipinos earnestly hoped for the obliteration of the marks of war and for the establishment of a peaceful government and personal liberty.

Judge Taft responded. He said he rejoiced at the fact that the people of the province of Bulacan no longer misunderstood the object of the American government, which solely was to secure for the people the blessings of civil liberty and to develop their self-governing capacity. During the afternoon there was a big meeting in the chapel and the bill applying the provincial act to Bulacan was discussed.

The female relatives of the commissioners accompanied the expedition.

Skirmishes With Natives.

Manilla, Feb. 26.—Near Cavinta, Laguna province, Lieutenant West, with a detachment of the crew of the gunboat Laguna de Bay, attacked 200 Filipinos under Caballoa. After a fight of 40 minutes the natives were dispersed, losing six killed and 14 captured. A detachment of the Forty-seventh volunteers encountered a body of natives in the province of Albay, killing 18, and subsequently another body, killing nine. A squad of the Eighteenth infantry, regulars, surprised a band of ladores at Hoosin, island of Panay, killing six. The Americans had no casualties in these engagements. Captain Lowe, with a detachment of the Twenty-fifth regiment captured a Ladrone camp in the mountains of Nueva Ecija and killed the leader, Angel Miranda. Lieutenant Lewis, with a detachment of the Third infantry, has had five skirmishes with Filipinos in the Panpanga swamps. The natives were routed.

Philippine Plague.

Manilla, Feb. 26.—An epidemic of rinderpest infects the Visayan islands. The disease first appeared on Burias island and spread to Ticio and Masbate and is appearing on the island of Panay. It is claimed 25,000 cariboo have already died on Masbate island. The natives are dependent upon the cariboo for agricultural operations, and the disease has minimized rice planting and restricted the sugar crop, and much suffering is likely to ensue. Rigid quarantine measures have been adopted.

American Vessel Wrecked.

Manilla, Feb. 26.—The Newark, of the quartermaster's department, was wrecked on Catanauan island. The Newark is a tug recently purchased at a cost of about \$5,000 and was used for the transportation of supplies in the Philippines. It is the only vessel of that name in the quartermaster's department.

New Party in Philippines.

Manilla, Feb. 26.—A new party called Conservative is being organized. Colonel Blanco, a Macabebe chief, is the leader of the movement. The church element is identified with the conservative party.

Porto Rican Protest.

Washington, Feb. 26.—C. Borda and W. Balvas, who recently were appointed a committee at a mass meeting of property owners at San Juan, P. R., to protest to the United States authorities against the manner in which the internal tax is enforced called on the postmaster general. They said there is no objection to the gross amount levied but that the assessors are unfamiliar with the property conditions of the island and unqualified for the work. The postmaster general said he would consult some of the other officials of the government.

Ashley, Ills., Feb. 26.—The Centennial bank closed its doors and there is considerable excitement among depositors. The bank carried about \$36,000 deposits.

It is not at all surprising that a man who attempted to rob Schley of the glory of his victory at Santiago should write such a letter as that Admiral Sampson has just sent to the Secretary of the Navy. Sampson's letter discloses the real character of the man.

THE election at Worcester, Mass., last fall resulted in a tie between the candidates for Mayor. Last week the race was run over, and it resulted this time in the success of John R. Thayer, Democrat, by a majority of 500. That's a big change since last November, and the best of it is that it is in the right direction.

DEMOCRATIC CIVILIZATION DEMANDS PEACE.

Corroborating Senator Hale's astonishing assertion that the war and pension bills of the United States are now nearly twice as great as those of any other nation, the New York World published the actual figures of the world's leading military budgets.

"Our army and navy numbers 120,000 men only—the smallest establishment of all the great nations," says the World. "We pay for it \$253,696,870, exclusive of pensions, which is \$14,000,000 a year more than England pays, inclusive of pensions, for an army and navy that numbers 364,000 men."

"Inclusive of pensions our military budget now totals \$398,942,103, which is more than twice as much as the military budget of France, with her army and navy of 622,000 fighting men; almost twice as much as Russia's with nearly a million soldiers and sailors; nearly double Germany's with her half million of enlisted men, and almost five times as much as Austria's with a fighting array of 278,000 men."

"The fact made luminous by comparing these figures is that, throwing pensions out entirely, the cost of the American army and navy averages about \$2,100 a year for every enlisted man, while the British fighting man, the next dearest, costs a little less than \$700 a year. And at the end of the line, cheapest of all, is the Russian soldier and sailor, who costs about \$200 a year only. The reason of this lies on the surface. Highly civilized and free countries, whose fighting forces have to be raised by voluntary enlistment instead of by universal conscription, must needs pay for them in open competition with the labor market. In the long run only the despotically governed nations can afford to maintain huge military establishments. Peace is the imperious necessity of advanced democratic civilization."

Left the Republican Party.
[Georgetown, O., News-Democrat.]
Julius Pfleger, one of the largest wholesale leather dealers in Cincinnati, and always a Republican, has withdrawn from the Blaine club and the Republican party. He is opposed to the cant and hypocrisy which allows such an affair as the Yellow Bank ball to go on in a Republican city without interruption and draws the line on a clean boxing match under police surveillance. If you do not know what the Yellow Bank ball is ask some one who has been there. There couldn't be anything more vile than the last one was, and yet Cox and his Republican management of Cincinnati said not a word against it.

GAGE'S ZEAL

To Protect the Sugar Trust Will Injure American Interests.

[Philadelphia North American.]

Secretary Gage's regard for the interests of the sugar trust will cost the United States dear. Russia gave ample warning that if discrimination was made against her sugar she would retaliate by imposing the maximum tariff on American manufactures of iron and steel. Even the poor plea of ignorance of the probable consequences of this ruling was taken away from the Secretary of the Treasury in advance.

A tariff war is not to be entered into lightly, least of all with Russia, with which the United States has so long maintained the most friendly relations. So little was at stake in the present instance that Secretary Gage's zeal to protect the sugar manufacturers is the more inexplicable. In order to save the sugar trust from the competition of \$300,000 worth of Russian sugar he has driven Russia to put up a prohibitive duty on more than \$11,000,000 of American exports. When one American monopoly gains a few thousand a score of industrial interests suffer losses aggregating millions.

KENTUCKY'S JUNIOR SENATOR.

The Washington Mirror Gives a Snap Shot View of the Hon. W. J. Deboe.

[From the Washington Weekly Mirror.]

William J. Deboe—Junior Senator from Kentucky. Possesses less ability than any other man in the Senate of the United States. Has practically no knowledge of public affairs. Was elected more by accident than otherwise. Has a few friends among public men, but no companions. He was unknown except in his immediate neighborhood, until a Republican Legislature in a Democratic State elected him to the Senate. During his four years of service he has done nothing. If he were to serve another four years, or ten times four years, the result would be the same. He is both a physician and a lawyer. Has never reached any eminence in either profession. He seems to understand his mental limitation, and does not presume to be other than what he really is. Few people know him, and those who do not have no interest in forming his acquaintance. At the expiration of his present term he will retire to private life, and no more will be heard of him. This will be as it should be.

AS A TEACHER

Newspapers Exert a Powerful Influence, Says Dr. Abbott—Important to Read the Right Kind.

BOSTON, February 20.—Dr. Lyman Abbott, in a lecture here last night, had this to say of the newspaper press:

"Whatever the harm of sensational literature, it teaches the people to read. Despite the defects of the American press, it holds up a mirror of the whole world's affairs. The mirror may not be the right kind, but its tendency is to lead the people to self-consciousness. If you do not like vice and crime, change the light. If you look into a mirror and see a dirty face, do you wash the face or the mirror?

"I do not want a press which shows up the virtues of humanity and not the faults, but let us have more truth, the whole truth and nothing but the truth. Though the press may be defective in leadership and lacking many qualities which one hopes to see, it brings the whole history of yesterday before us, and is constantly exerting an influence in American democracy which no one can gainsay."

A Day Well Spent.

There is no home more attractive, no hospitality more cordial than that which greets the guest at Cedar Grove.

Mrs. "Sugy" Smoot with her gentle face and winning ways, and her lovely daughter Miss Retta, entertained the following friends at their ancestral home February 23rd: Mrs. Rae Kirk, Mrs. Jno. Bouldin and daughter Miss Martha, Mrs. J. C. Pickett, Miss Mamie Jennings, of Augusta, Mrs. Laura Cartwright and daughter Miss Eudora and Rev. R. L. Cartwright.

Shut in from all the world without, We sat the clean winged hearth about, Content to let the North wind blow In bailed rage from door to door; While the bright blaze before us beat The frost line back with tropic heat. Blow high, blow low, not all the cold Could quench our hearth-fire's ruddy glow! What matter how the north winds blow! What matter if it rain or snow!

Are not within the merry jest, The wit and laughter of each guest? And music to beguile the way? And recitations, grave and gay? And at the closing of the day, When to our homes we hied away, Our benedictions, great and small, We gave our hostess, one and all. PETTIS.

CONVINCING PROOF.

The Average Maysville Citizen Must Accept the Following Proof.

The great Sir Isaac Newton, one of the most profound reasoners the world ever produced, once cut a large hole in a board fence to allow a favorite cat access to two gardens and cut a smaller hole to allow her kitten to follow her. The weakness manifested in Sir Isaac's action was due to want of thought. Any reader who mentally debates the proof offered here about Doan's Kidney Pills and arrives at any other conclusion is as short of reasoning powers as the philosopher when he turned carpenter.

Mr. John H. Fansler, of 209 East Fourth street, says: "It is most pleasing to learn of a remedy which does all that is claimed for it when there are so many whose merits exist only on paper. I know that Doan's Kidney Pills are a valuable and reliable kidney remedy and this fact is substantiated by ample proof by their personal use. I procured the remedy at J. Jas. Wood & Son's drug store, corner of West Second and Market streets."

FOUND DEAD.

"Doc" Alexander Succumbs During the Night To an Attack of Heart Disease and Asthma.

F. M. Alexander, better known as "Doc," was found dead early this morning at his humble quarters in the old plow factory building on West Front street, where he lived with his youngest child, a daughter thirteen years old. He had been ill some time with asthma and heart disease, and was unable to lie down at night. At midnight last night his daughter assisted him in changing his position in a chair, and he told her he would not live much longer. Later she fell asleep and when she awoke found her father dead.

Deceased was past sixty years of age. He was married twice, his first wife, Mary Ann Seaman, dying in the Anchorage asylum. His last wife is also dead. He has a daughter, Mrs. Fannie Williams, living near Burtonsburg and one son, Rev. James Alexander, of Kansas, a minister of the M. E. Church.

Coroner Wood will hold an inquest during the day.

Notice.

The Limestone Building Association, having declared a 6 per cent. dividend with the return of the monthly dues, is a good investment. Take stock in the twenty-fourth series.

MASTER COMMISSIONER.

Mr. C. Burgess Taylor Succeeds Congressman Kehoe in Above Position—Appointment Made This Morning.

Hon. James N. Kehoe, Congressman-elect from this district, tendered his resignation as Master Commissioner of the Mason Circuit Court this morning. The resignation was accepted, and Judge Harbeson at once appointed Mr. C. Burgess Taylor to the position.

Mr. Kehoe has held the position several years, and has always discharged the duties connected with it in an eminently satisfactory manner.

Mr. Taylor ranks among the most successful of the younger members of the Mason County bar, and has won his way by his own hard work and close application to business. He was a member of the Democratic State Campaign Committee last year, and has served also as a member of the County Executive Committee and Campaign Committee, in all which positions he has rendered his party valuable service. Mr. Taylor's many friends will be glad to learn of his appointment, knowing that the office will continue in most excellent hands, as long at least as he is Master Commissioner.

NEIGHBORHOOD NEWS.

Items of Interest Contributed by Our Country Correspondents.

EAST LIMESTONE, Feb. 26th.—The recent cold spell made fine clear ice of four inches thickness. Farmers were making tobacco beds the past week.

The cold dry weather has been injurious to the wheat and young grass.

George Beighle furnished the turkey for the elegant dinner spread at the Central Hotel for the tobacco fair guests. The bird weighed twenty-seven pounds, dressed.

The Bernard school closed Thursday on account of the severe illness of the teacher, Miss Nelson.

Deb Rankins has moved to the farm of George Wells, who is quite sick.

Richard C. Williams had a young cow to die Sunday morning from an attack of warbles.

Ivin Vermillion, of Germantown, is visiting his friends, the Beighle boys, this week.

Mrs. S. A. Smith was a pleasant guest of her niece, Mrs. Richard C. Williams, the past week.

Wm. Rice and family, who will again move to the Powers farm in March, are cordially welcomed back to this neighborhood. Weede Breeze, who now occupies the farm, has rented the Eusor farm for the present year.

Thomas Dimmitt contemplates a sojourn in the Western country the coming season.

The sale of Michael Peters Saturday, conducted by his grandsons, James and Mike Peters, of Sharpsburg, assisted by the Smith brothers, was largely attended. All stock and articles brought

satisfactory prices. The farm was sold privately in the morning, previous to the opening of the sale, for \$2,000, John Adams being the purchaser. Several parties attended for that purpose, and were disappointed to find that the sale of the land had occurred. Many candidates were on the ground getting in their work with their usual hearty hand-shake and cordial greeting; the ladies also receiving a fair share of their cordiality, as the matrons had sons and husbands, while the young ladies of course had sweethearts.

Little Anna Dickson, aged eleven years, at the home of Richard C. Williams was heard one cold night recently walking in a lively gait about her room and when called to, responded that she was "hunting Frank's pipe." Frank being a member of the family. When awakened from her fit of somnambulism, she was in the act of falling down the stairway, and in a dazed and almost frozen condition, from which she contracted a severe cold.

John Brodt, Jr., who has sold his Taylor Mill property to a Mr. Denniston, of Washington, for \$1,500, will temporarily move to the home of Mrs. Mary Dimmitt until the erection of a residence on his farm nearby is completed.

BERNARD, Feb. 25.—Tom Dimmitt spent several days in Cincinnati last week.

William Wells, wife and baby, of Louisville, are visiting Geo. Wells and family.

Miss Jessie Yancey has returned home after spending several days at the side of Miss Young, of Maysville, during her fatal illness.

D. Sam White and wife visited home folks Sunday, returning to their mountain home Monday morning.

Miss Jennie Dickson, of Orangeburg, left last week for a trip to the South. She was accompa-

nied by Miss Anna Bramel, daughter of J. W. Bramel.

Miss Mary Nelson has been sick and not able to teach school the past week.

The Green sale last Saturday was well attended and prices good.

Miss Bessie Wells, of Maysville, has returned home after a visit to her grandparents, Mr. and Mrs. Geo. Wells.

The measles are in our neighborhood.

We regret to hear of the sickness of Geo. R. Wells. Trust he may soon be restored to health.

Mr. and Mrs. Shipley have the sympathy of the entire community in the loss of their son, Louis, whose death has been mentioned. There is but one source of comfort in such a time. We commend them to Him who doeth all things well, remembering, "Earth has no sorrow that Heaven cannot cure."

COTTAGEVILLE, Feb. 25th.—Young wheat is suffering some from the cold weather.

Our farmers have been plowing a little this winter, but the work has been retarded considerably.

David Gillespie is sick with measles.

E. C. Henderson is able to be out after a brief illness with grip.

Morton Sparks and wife, of Fearis, will move to Sand Hill.

H. T. Bradford and L. P. Hamilton, of Augusta, were here recently in the interest of the Tollesboro Normal Institute.

Mr. Blackburn, the Springdale tobacco merchant, passed through our town a few days ago hunting for the weed.

B. L. Doggett and family will soon move to Tollesboro. Mr. D.'s friends wish him success in his new home.

Ralston's breakfast foods,—Calhoun's.
